CAHF Welcomes New Preferred Provider
SHIFTit Health Offers Alternative to Traditional Staffing Methods

SACRAMENTO – The California Association of Health Facilities (CAHF) is excited to announce a new partnership with SHIFTit Health as its newest Preferred Provider. The collaboration brings a cutting-edge platform that allows facilities to connect with healthcare professionals in real-time, streamlining the process with unmatched convenience.

“By leveraging SHIFTit Health’s innovative platform, our members have access to cutting-edge resources that eases the daily pressures of staffing,” said CAHF CEO/President Cassie Dunham. “We are pleased to have SHIFTit Health as the latest addition to CAHF’s Preferred Product & Service Providers.”

SHIFTit Health revolutionizes healthcare staffing by providing real-time matching with qualified professionals, significantly reducing costs and streamlining the staffing process for healthcare facilities.

"We are excited to join forces with CAHF to democratize healthcare staffing across California. Our cutting-edge technology platform empowers facilities with unprecedented access to healthcare professionals, dramatically enhancing operational efficiency and elevating patient care," said SHIFTit Health CEO Souheil Jawad.

The company joins nine other CAHF Preferred Product & Service Providers, offering unique resources and savings to its members while supporting CAHF activities.

CAHF’s Preferred Product & Service Providers develop a comprehensive package of programs of significant value to CAHF members.
